CAREER OBJECTIVE

A motivated and enthusiastic Computer Science fresher seeking an entry-level Software Developer role to begin my professional journey. Equipped with a solid academic foundation in programming, data structures, and software development. Passionate about writing clean, efficient code and continuously upskilling to keep pace with evolving technologies.

EDUCATION

Malla Reddy College of Engineering and Technology, Hyderabad <i>Bachelor of Technology, Computer Science & Engineering</i>	2023 - 2027 <i>CGPA: 8.8</i>
Kendriya Vidyalaya Tirumalagiri, Secunderabad <i>CBSE - Higher Secondary</i>	2020 - 2023 <i>Aggregate: 87%</i>

SKILLS AND PROFICIENCIES

- Languages:** Java, Python, SQL
- Web:** HTML, CSS, JavaScript, TypeScript
- Core CS:** DSA, OOPs, DBMS, Operating Systems, Computer Networks, Software Engineering
- Tools:** Git, GitHub, Linux, REST APIs, Shell Scripting
- AI/ML:** Generative AI, Prompt Engineering, TensorFlow, NumPy, Pandas
- Interests:** Problem Solving, Competitive Coding, Software Development

PROJECTS

ByteShield: Automated Code Integrity & Plagiarism Detection Platform Python, Flask	2024
- Built a Python-based tool to compare source code files and detect similarity between submissions. - Implemented string matching and tokenisation algorithms to accurately identify potential plagiarism and generate detailed integrity reports.	
Coach AI - AI Powered Resume-Aware Interview Coach React, TypeScript, Vite, Web Speech APIs	2025
- Built an AI-powered web platform where users upload their resume and receive a personalised voice interview experience. - AI dynamically generates tailored questions based on the candidate's skills, projects, and experience; integrated AI APIs for real-time voice interaction.	
IntelliLearn: AI-Powered Personalized Learning Ecosystem React, Motion, Vite, TypeScript	2026
- Adaptive study planning and performance analytics platform using context-aware RAG querying to generate dynamic learning material tailored to each learner. - Combines custom class-notes library management with automated study tools to transform raw study materials into high-retention learning resources.	

CERTIFICATIONS

- Oracle:** Oracle Cloud Infrastructure 2025 Certified Generative AI Professional
- HackerRank:** Frontend Developer (React)
- Infosys Springboard:** Internship 6.0
- Google Cloud Skill Boost:** 4 verified badges - Generative AI, LLMs, Responsible AI, Image Generation
- Cambridge English:** C1

KEY STRENGTHS

- Strong command over Java and object-oriented design principles.
- Passionate about problem solving and competitive coding.
- Quick learner with ability to adapt to new technologies and frameworks.
- Effective communicator and collaborative team player; disciplined and detail-oriented with clean coding practices.
